

Q1) Complete the diagram below to make a shape that is symmetrical about the mirror line. Use a ruler.

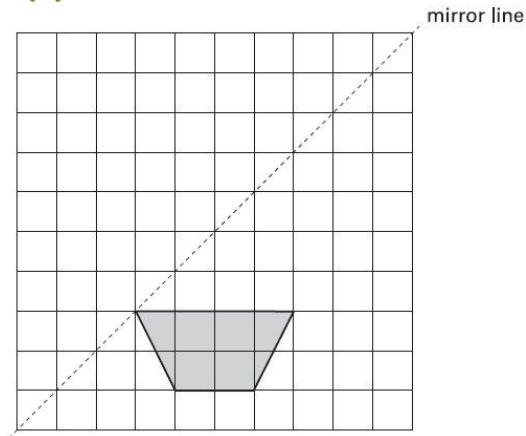

Q2) Shade **two squares** and **one triangle** to make this design symmetrical about the mirror line.

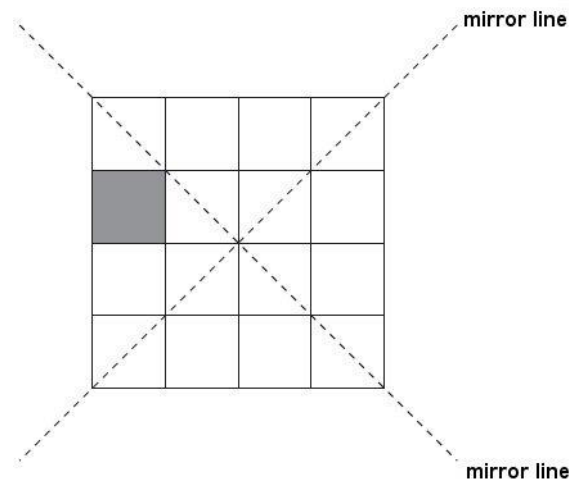

Draw the reflection of this shape.

Q3)

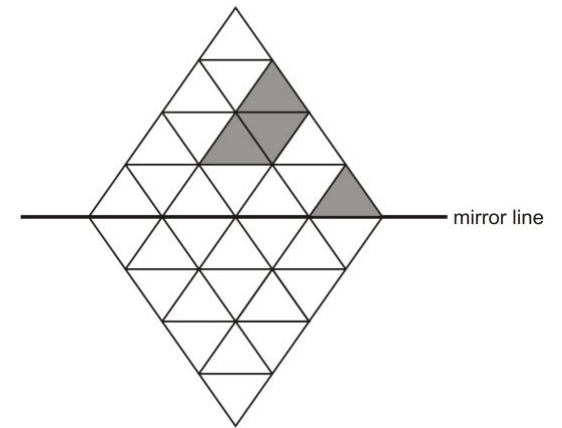

Here is a shaded square on a grid. Shade in **3 more squares** so that the design is symmetrical in **both** mirror lines.

Q4)

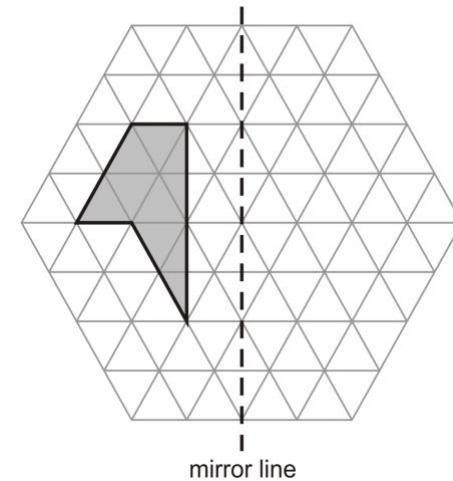

Shade in the reflection of this shape.

Q5)

Draw the reflection of the shaded shape in the mirror line.

Q6)

Draw the reflection of the shaded shape in the mirror line.
